FOR IMMEDIATE RELEASE

It is the simple things that may become too hard to handle for our older Americans, for example changing a light bulb that requires climbing on a ladder. Faith in Action has the answer...at absolutely no cost. Their friendly, trained, and insured volunteers provide services at no cost. Even when the simple tasks inside a seniors home, can be managed, the yard work/maintenance can become an issue.

Faith in Action is looking for additional seniors to help with their waiting list of seniors who need mowing two times per month, or perhaps their bushes trimmed on a one-time basis.

You can make a difference in your community by assisting seniors right in your neighborhood. Please call Faith in Action at 815-455-3120.

Additional information about Faith in Action and the array of services can be found at www.fiamchenrycounty.org

FIAMC is a nonprofit organization committed to the purpose of working with the seniors of our community who live at home, and their families in maintaining their independence, dignity, and quality of life.
